WHAT IS RANKED CHOICE VOTING?

What is Ranked Choice Voting?

Under the system, voters rank candidates in order of preference (you also don't have to rank at all beyond your first choice, but there is power in ranking.) If the leader does not get more than 50 percent in the first tally, the fourth-place finisher is eliminated and his or her ranked votes are added to the voter's second choice. The process may be repeated in this built-in instant run-off until one candidate gets a majority.
