

Tool 2b: Individual Input Form For internal use only

How to use this tool: For community members. Fill this out at a community meeting, or on your own and return it to the person named below. You do not have to give your name. Write as much or as little as you like.

This form is for internal use only. It is a working document for our own community or organization. What you write here will be combined with input from others to help us understand our priorities and decide on our position. Individual forms will not be shared with agencies, the project developer, or anyone outside our organization. Only the position our community approves (Tool 12) is shared with others.

Project or topic
